

BEST BOOK DESIGN FROM ALL OVER THE WORLD 2022

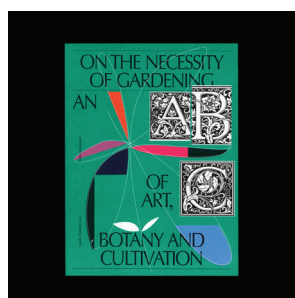

Unique of its kind in the world, the annual book design competition »Best Book Design from all over the World« has been held since 1963.

As the highest mention, the jury awards the »Goldene Letter«; in addition, one »Gold Medal«, two »Silver Medals«, five »Bronze Medals« and five »Honorary Appreciations«. The awards are non-monetary and are intended to stimulate greater international dialogue in the book design scene. The institutions taking part have distinguished books in national design competitions. Only titles are accepted that have already been awarded prize in their home country or have been recommended by a body of experts.
